DATE OF COMMUNICATION: 22 October 2021

### EVENT NOTES

**Clarification of track limit regulation, affecting all corners.**

 9 - TRACK LIMITS

The track limit requirement may vary at certain tracks due to the nature of the kerbs and run-off areas, unless specific track limits are defined at the drivers briefing the white line should always be considered as the track edge.  
In this example the car is exceeding track limits (ALL 4 WHEELS OVER THE WHITE LINE).
