Subject – Engine change on car No 27 (A. Powell)

Due to damage identified post race which cannot be rectified on site approval has been granted to change the engine on car number 27 prior to the next session.

This is acceptable and in line with W-Series technical regulation art 36.2. The car must be presented for re-scrutineering prior to the next session in which it is to compete.

A report will be provided to confirm engine change and that the car has been re-scrutineered.
