Technical Delegates Report

Subject – Engine/gearbox change on car No 10

Due to damage caused during free practice which cannot be rectified on site approval has been granted to change the engine and gearbox on car number 10 prior to the next session.

This is acceptable and in line with W-Series technical regulation art 36.2. The car must be presented for re-scrutineering prior to the next session in which it is to compete.

A report will be provided to confirm engine and gearbox change and that the car has been re-scrutineered.
